**Steeped in history, this award-winning, characterful and luxurious estate is a unique place to stay.**

Cossington Park is located in a pretty village on the edge of the Polden Hills, between Glastonbury and Bridgwater, and close to Wells and Cheddar.

Home to one family for over 400 years, Cossington Park overflows with memorabilia, beautiful antiques and over 5,000 books.

The grounds at Cossington Park provide a beautiful and tranquil setting. Wander around the 22 acres, discover the ha-ha, smell the roses, laze under the exotic Chinese zelkova elm tree, brought back from China 200 years ago. Enjoy secluded seating in the extensive gardens.

Cossington Park comprises **Park House** and **Park Cottage** which can be let together or separately.

The drawing room of **Park House** with its comfy sofas, chaises longues and woodburning stove, is ideal to relax in or watch TV. Within the library dining room you will find plenty of seating for up to 24. The cosy morning room offers more relaxed seating with an extra TV and games console. Our farmhouse style old kitchen is superbly equipped and adjoins the breakfast room. **Park House** has six luxurious bedrooms and five bathrooms.

**Park Cottage** has a further three bedrooms, one on the ground floor, and two bathrooms including a wet room which has National Accessibility Awards M1 and M2. The light,

spacious and modern living area in Park Cottage opens onto a private walled garden with decking and barbecue area. The level pathway from Park Cottage provides access to the ground floor of Park House for wheelchair users.

A range of activities are available to guests, either on or off site, including archery, falconry, an owl prowl, hot air balloon ride or even a Victorian carriage ride. And there is still plenty to entertain children with their own play area, badminton and football areas and games room with table tennis, mini-snooker and darts.

Guests can also book beauty treatments in either property or in our new bespoke salon, 'Beauty Within at Cossington Park'.
